SUBJ: DWD Communication #2001-05  
Revision to PY'01 Local Performance Levels and Incentive Awards Policy

RE: Workforce Investment Act and Wagner-Peyser Act

Purpose:

To revise the PY'01 goals for local Workforce Investment Act (WIA) performance levels for Program Year 2001 (PY'01).

Rescissions:

None.

Content:

When the PY'01 local performance levels for WIA were originally calculated, we used the latest available data. However, by the time Communication #2001-01 was published, the WIA results for PY'99 had been finalized with the incorporation of supplemental data and, in some cases, were different from the preliminary results used in the original calculations.

Three pages are attached. They contain the final PY'99 WIA data (published in DWD Communication #2000-36) and revised PY'01 standards. If a standard was changed from what was previously published, it is highlighted in bold print. The number of standards that are higher than originally published is almost identical to the number that are lower. There was no systematic pattern of increase or decrease in these revised figures.

Effective Date:

Immediately.

Ending Date:

December 31, 2002.

Action:

Please inform your local staff of these changes and address any questions you may have regarding this policy to Patrik Madaras, Director of Evaluation, at 317-232-8537.
